EXPERIENCE

Feedspot
SEO Analyst, Growth Hacker & Graphic Designer

Mumbai, Borivali
11/09/2025 – Present

SEO Analyst & Growth Hacker with expertise in keyword research, on-page optimization, data-driven SEO strategy, link building, and content improvement. Skilled in growing organic traffic, boosting website rankings, and using analytics tools to find new growth opportunities and optimize performance.

Feedspot
Graphic Design Intern

Mumbai, Borivali
17/02/2025 – 10/09/2025

As a Graphic Design Intern, I gained hands-on experience in creating visually engaging social media templates and posts using Canva and Photoshop. I collaborated with the marketing team to design content aligned with brand guidelines, including Instagram stories, Facebook posts, twitter posts, and promotional graphics.

Rigel Infotech
Web Developer Intern

Vasai
12/06/23 – 23/06/23

Gained valuable industry experience and strengthened technical skills, enhanced development skills and practical knowledge through real world project.

SKILLS

Soft Skills : Team-Leadership, Communication, Problem-Solving, Time-Management, Team-Work, Creativity.

Software : Feedspot SEO Software, Google Analytics, Google Search Console, Google Keyword Planner, Canva, Adobe Photoshop, Figma, VN, Capcut.

Languages : Python, HTML, CSS, Java.

PROJECTS

Emotion Recognition Using Speech Analysis | Python, Streamlit

- Gained hands-on experience in developing an Emotion Recognition system using speech analysis, implemented audio preprocessing and feature extraction techniques to detect emotional states from voice inputs, ensuring accurate classification through machine learning models, while collaborating with a team to optimize performance and maintain a user-friendly interface.

FamSafe : A Family Safety Android Application | Android Studio, Kotlin

- Gained hands-on experience using Android Studio & Kotlin Language, implemented features like real-time location tracking, emergency alerts, ensuring a user-friendly interface while integrating secure backend services for data management, collaborating with a team.

VOLUNTEERING EXPERIENCE

Technical & Social Media Head | VCET Sports Committee

2024-2025

- I had the incredible opportunity to serve as the Technical & Social Media Head of the Sports Committee, where I led the creative direction for our events. I designed multiple promotional creatives, social media posts, and design templates using Canva and Adobe Photoshop. This experience not only allowed me to contribute visually to campus sports culture but also sharpened my skills in visual storytelling, branding, and digital design.

Technical Team Member | VCET Sports Committee

2023-2024

- Communicated and worked with the team and designed Social media posts, templates, Policy, Brochure, Banners & Certificates.
